

ANNUAL REPORT OF ODISHA GOVERNMENT POLYTECHNIC TEACHERS' ASSOCIATION 2019-20

Achievements and activities of the association during past year are as follows.

1. We pursued every Govt. polytechnic/engg. school to create their own local units along with office bearers. In between two months our members created 31 local units across four zones. And the association is thankful to all members for their cooperation.
2. We represented many common issues raised by the local units starting from pay scale to vacation. And the SCTEVT introduced winter break in its academic calendar this time.
3. Work load was another issue which was raised at DTET and then it was decided that the work load calculation would follow the AICTE guideline.
4. Among all these, we continuously met The DTET, The Secretary of Skill Development and Technical Education, The Finance Secretary, The Minister of SDTE, The Finance Minister, Development Commissioner, Other Official Dignitaries of SDTE regarding the AICTE movement.
5. Even forwarded our demands through Finance Department., Ministers, MPs, MLAs etc officially several times.
6. Many time we faced queries like validation of our demands. We provided them with supportive documents. Even our members did the compilation of the data at their level.
7. Many officials including the ministers suggested us to do the training programs and take steps as such. So we conducted conferences/seminars, workshops and many such programmes.

Among the list:

- i. National Seminar on "Role of Polytechnics in Skill Development and Technological Innovation" for faculties of All Govt. and Pvt. Polytechnics/ Engg. Schools on 10th August 2019 at KIIT Auditorium in association with KIIT University, Bhubaneswar.
- ii. Two day short term training programme on Civil/Architectural Engg. for All Govt. and Pvt. Polytechnics/ Engg. Schools on 8 2019 at Institute of Engineers (India), Odisha State Centre, Bhubaneswar.
- iii. One day short term training programme on Super Position for the faculties of Civil/Architectural Engg. for All Govt. and Pvt. Polytechnics/ Engg. Schools on 20th October 2019 at Institute of Engineers (India), Odisha State Centre, Bhubaneswar.
- iv. One day short term training programme on Civil/Mechanical/Architectural Engg December 2019 at SKDAV Rourkela.
- v. One day Workshop on "Make in India Programme and Start Up Initiative in Polytechnic Education" to be organised by OGPTA on 13th January, 2020.
- vi. One day Seminar on "Industry Institute Partnership and Teaching Factory Concept by OGPTA on 14th January, 2020

Our members also participated in large numbers and made them a success.

8. Efforts finally showed some results as the queries came for exact and pin pointed data, which and processed.

Future Road Map:

It was decided that in future :

1. To work on full throttle to move AICTE file from Finance Department.
2. To find a room for establishment of new office preferably at Bhubaneswar.
3. Proposal for industrial training for faculty members.
4. 5 days-08 hrs/week, semester break for 15 days and 30 days EL.

(Dr. Biswajit Parida)
